INDEX TO VOLUME 23

Subject Index

Abortion

Acceptability of Medical Abortion in China, Cuba and India, B. Winikoff, I. Sivin, K. J. Coyaji, E. Cabezas, Xiao B., Gu S., Du M.-K., U. R. Krishna, A. Eschen and C. Ellertson, p. 73.

Estimating the Level of Abortion in the Philippines and Bangladesh, see **Asia**.

Health Professionals' Perceptions About Induced Abortion in South Central and Southeast Asia, see **Asia**.

In Kazakstan, Contraceptive Knowledge Is Nearly Universal, but Abortion Rates Remain High, see **Asia**.

Nigerian Health Professionals' Perceptions About Abortion Practice, see **Africa**.

Relationship of Abortion to Trends in Contraception and Fertility in Brazil, Colombia and Mexico, see **Latin America and the Caribbean**.

Africa

Comorian Women Delay Marriage and First Birth, but Fertility Remains High, see **Fertility: Planning and Effects**.

Female Circumcision: Rite of Passage or Violation of Rights? see **Status of Women**.

Fertility in Mali Remains High, Along with Infant and Maternal Mortality, Digest, p. 95.

Husband-Wife Communication About Family Planning and Contraceptive Use in Kenya, A. Lasee and S. Becker, p. 15.

In Sub-Saharan Africa, Levels of Knowledge and Use of Contraceptives Are Linked to Media Exposure, Digest, p. 183.

Maternal Deaths in Burkina Faso, Update, p. 50.

Method Discontinuation in Benin, Update, p. 51.

Nigerian Health Professionals' Perceptions About Abortion Practice, P. Makinwa-Adebusoye, S. Singh and S. Audam, p. 155.

Population Policy, Research and the Cairo Plan of Action: New Directions for the Sahel? S. P. Margolis, Viewpoint, p. 86.

Rising Contraceptive Use and Age at Marriage Lower Fertility Levels in Morocco, Digest, p. 46.

Sexual Activity and Contraceptive Knowledge and Use Among In-School Adolescents in Nigeria, U. Amazigo, N. Silva, J. Kaufman and D. S. Obikeze, p. 28.

South Africa Legalizes Abortion, Update, p. 3.

Tool for Monitoring the Performance of Family Planning Programs in the Public and Private Sectors: An Application in Nigeria, L. Lacey, V. Adeyemi and A. Adewuyi, p. 162.

Ugandan Couples May Discuss Reproductive Issues, but Do Not Always Understand Each Other's Desires, Digest, p. 90.

Why Not Use Nigeria's Agricultural Extension System to Increase Access to Family Planning? F. Olowu, Viewpoint, p. 134.

Asia

Acceptability of Medical Abortion in China, Cuba and India, see **Abortion**.

Can the Bangladeshi Family Planning Program Meet Rising Needs Without Raising Costs? B. Janowitz, M. Holtman, D. Hubacher and K. Jamil, p. 116.

Correlates of Sexual Abstinence Among Urban University Students in the Philippines, see **Sexual Behavior**.

Divorce Lowers Child Survival, Update, p. 99.

Domestic Violence in India, Update, p. 99.

Urban Javanese Women Postpone Marriage, but Are Less Financially Independent Than Their Rural Counterparts, see **Marriage and the Family**.

Estimating the Level of Abortion in the Philippines and Bangladesh, S. Singh, J. V. Cabigon, A. Hossain, H. Kamal and A. E. Perez, p. 100.

For Most Thai Women, the Ideal Family Consists of Two Children—One Boy and One Girl, Digest, p. 140.

Global Concern for Children's Rights: The World Congress Against Sexual Exploitation, see **Status of Women**.

Health Professionals' Perceptions About Induced Abortion in South Central and Southeast Asia, S. Singh, D. Wulf and H. Jones, p. 59.

In Kazakstan, Contraceptive Knowledge Is Nearly Universal, but Abortion Rates Remain High, Digest, p. 92.

Knowledge and Attitudes About Emergency Contraception Among Health Workers in Ho Chi Minh City, Vietnam, N. T. N. Ngoc, C. Ellertson, Y. Surasrang and L. T. Loc, p. 68; Correction, p. 133.

Knowledge, Approval and Communication About Family Planning as Correlates of Desired Fertility Among Spouses in Pakistan, N. Mahmood and K. Ringheim, p. 122.

Maternal Mortality in Taiwan: Rates and Trends, S. Kao, L.-M. Chen, L. Shi, M. C. Weinrich and C. A. Miller, Research Note, p. 34.

Method Misuse in China, Update, p. 3.

Reasons for Rising Condom Use in Vietnam, D. Goodkind and T. A. Phan, Comment, p. 173.

Seeing Double in India, Update, p. 51.

Spouses' Views of Contraception in the Philippines, A. E. Biddlecom, J. B. Casterline and A. E. Perez, p. 108.

Strong Son Preference Among Nepalese Couples May Outweigh Their Desire for Smaller Families, Digest, p. 43.

Barrier Methods

Preferences for Contraceptive Attributes: Voices of Women in Ciudad Juárez, Mexico, see **Latin America and the Caribbean**.

Reasons for Rising Condom Use in Vietnam, see **Asia**.

Breastfeeding

As Lifetime Duration of Breastfeeding Rises, Breast Cancer Risk Falls, Digest, p. 44.

Smoke Shortens Breastfeeding, Update, p. 147.

Contraceptive Practice

Fearing Side Effects, Many Turkish Women Choose Traditional Contraception, see **Middle East.**

Fertility in Mali Remains High, Along with Infant and Maternal Mortality, see **Africa**.

Fertility Remains Elevated in Guatemala: One in Three Births Are Unplanned, see **Latin America and the Caribbean.**

Husband-Wife Communication About Family Planning and Contraceptive Use in Kenya, see **Africa**.

In Kazakstan, Contraceptive Knowledge Is Nearly Universal, but Abortion Rates Remain High, see **Asia**.

In Sub-Saharan Africa, Levels of Knowledge and Use of Contraceptives Are Linked to Media Exposure, see **Africa**.

Intended Contraceptive Use Among Women Without an Unmet Need, J. Ross and L. Heaton, p. 148.

Knowledge, Approval and Communication About Family Planning as Correlates of Desired Fertility Among Spouses in Pakistan, see **Asia**.

Levels of Fertility Have Declined Steadily in Egypt, But Unwanted Childbearing Remains Common, see **Middle East**.

Method Use: A Community Affair? Update, p. 98.

Method Use Underestimated, Update, p. 147.

More than Half of All Brazilian Contraceptive Users Rely on Sterilization, see **Latin America and the Caribbean**.

Postpartum Contraception, Update, p. 146.

Preferences for Contraceptive Attributes: Voices of Women in Ciudad Juárez, Mexico, see **Latin America and the Caribbean**.

Reasons for Rising Condom Use in Vietnam, see **Asia**.

Relationship of Abortion to Trends in Contraception and Fertility in Brazil, Colombia and Mexico, see **Latin America and the Caribbean**.

Rising Contraceptive Use and Age at Marriage Lower Fertility Levels in Morocco, see **Africa**.

Sexual Activity and Contraceptive Knowledge and Use Among In-School Adolescents in Nigeria, see **Africa**.

Spouses' Views of Contraception in the Philippines, see **Asia**.

Surprise! Folk Methods May Work, Update, p. 51.

Ugandan Couples May Discuss Reproductive Issues, But Do Not Always Understand Each Other's Desires, see **Africa**.

Emergency Contraception

Knowledge and Attitudes About Emergency Contraception Among Health Workers in Ho Chi Minh City, Vietnam, see **Asia**.

Fertility: Planning and Effects

As the World's Growth Slows, Update, p. 98.

Avoiding Unintended Pregnancy in Peru: Does the Quality of Family Planning Services Matter? See **Latin America and the Caribbean**.

Comorian Women Delay Marriage and First Birth, but Fertility Remains High, Digest, p. 187.

Education May Not Be the Key, Update, p. 98.

Fertility in Mali Remains High, Along with Infant and Maternal Mortality, see **Africa**.

Fertility Remains Elevated in Guatemala; One in Three Births Remains Unplanned, see **Latin America and the Caribbean**.

For Most Thai Women, the Ideal Family Consists of Two Children— One Boy and One Girl, see **Asia**.

In Kazakstan, Contraceptive Knowledge Is Nearly Universal, but Abortion Rates Remain High, see **Asia**.

Knowledge, Approval and Communication About Family Planning as Correlates of Desired Fertility Among Spouses in Pakistan, see **Asia**.

Levels of Fertility Have Declined Steadily in Egypt, but Unwanted Childbearing Remains Common, see **Africa**.

Relationship of Abortion to Trends in Contraception and Fertility in Brazil, Colombia and Mexico, see **Latin America and the Caribbean**.

Rising Contraceptive Use and Age at Marriage Lower Fertility Levels in Morocco, see **Africa**.

Snowball Effect, Update, p. 146.

Strong Son Preference Among Nepalese Couples May Outweigh Their Desire for Smaller Families, see **Asia**.

Ugandan Couples May Discuss Reproductive Issues, but Do Not Always Understand Each Other's Desires, see **Africa**.

Hormonal Implants and Injectables

Residual Contraception, Update, p. 147.

Latin America and the Caribbean

Acceptability of Medical Abortion in China, Cuba and India, see **Abortion**.

Avoiding Unintended Pregnancy in Peru: Does the Quality of Family Planning Services Matter? B. S. Mensch, M. Arends-Kuenning, A. Jain and M. R. Garate, p. 21.

Fertility Remains Elevated in Guatemala; One in Three Births Are Unplanned, Digest, p. 40.

Increased Risk of STD Infection Among Peruvian Women Linked to Their Partners' Sexual Practices, Digest, p. 39.

More Than Half of All Brazilian Contraceptive Users Rely on Sterilization, Digest, p. 184.

Preferences for Contraceptive Attributes: Voices of Women in Ciudad Juárez, Mexico, S. G. Garcia, R. Snow and I. Aitken, p. 52.

Prenatal Benefits Improve Birth Outcomes Among Working Mexican Women, Digest, p. 94.

Relationship of Abortion to Trends in Contraception and Fertility in Brazil, Colombia and Mexico, S. Singh and G. Sedgh, p. 4.

Males

Husband-Wife Communication About Family Planning and Contraceptive Use in Kenya, see **Africa**.

Knowledge, Approval and Communication About Family Planning as Correlates of Desired Fertility Among Spouses in Pakistan, see **Asia**.

Spouses' Views of Contraception in the Philippines, see **Asia**.

Strong Son Preference Among Nepalese Couples May Outweigh Their Desire for Smaller Families, see **Asia**.

Ugandan Couples May Discuss Reproductive Issues, but Do Not Always Understand Each Other's Desires, see **Africa.**

Marriage and the Family

Urban Javanese Women Postpone Marriage, but Are Less Financially Independent Than Their Rural Counterparts, Digest, p. 186.

Stages of Marriage, Update, p. 146.

Maternal and Child Health

As Lifetime Duration of Breastfeeding Rises, Breast Cancer Risk Falls, see **Breastfeeding**.

Factors in Sudden Infant Death, Update, p. 2.

Fertility in Mali Remains High, Along with Infant and Maternal Mortality, see **Africa**.

Folate Education Needed, Update, p. 50.

Global Concern for Children's Rights: The World Congress Against Sexual Exploitation, see **Status of Women**.

Life in the Big City, Update, p. 146.

Maternal Mortality in Taiwan: Rates and Trends, see **Asia**.

Maternal Mortality in Zambia, Update, p. 98.

Prenatal Benefits Improve Birth Outcomes Among Working Mexican Women, see **Latin America and the Caribbean**.

Tuberculosis and Infertility, Update, p. 50.

Weaning—A Risk for Diarrhea? Update, p. 2.

Middle East

Clerics Boost Method Use, Update, p. 99.

Fearing Side Effects, Many Turkish Women Choose Traditional Contraceptives, Digest, p. 139.

Female Circumcision: Rite of Passage or Violation of Rights? see **Status of Women**.

Levels of Fertility Have Declined Steadily in Egypt, but Unwanted Childbearing Remains Common, Digest, p. 137.

Oral Contraceptives

Pill-Related Stroke Risk Is Low, Especially if Users Lack Other Risk Factors, Digest, p. 42.

Pill Use Makes Minimal Contribution to the Risk of Myocardial Infarction, Digest, p. 189.

Venous Thromboembolism and 'Third-Generation' Pills May Not Be Related, Digest, p. 141.

Population Policy and Research

Population Policy, Research and the Cairo Plan of Action: New Directions for the Sahel? See **Africa**.

Program Evaluation and Funding

After Sharp Gains in the 1980s, Pace of Effort Devoted to Family Planning Programs Slackens in the 1990s, Digest, p. 45.

Avoiding Unintended Pregnancy in Peru: Does the Quality of Family Planning Services Matter? See **Latin America and the Caribbean**.

Can the Bangladeshi Family Planning Program Meet Rising Needs Without Raising Costs? see **Asia**.

Getting a Method Gets Easier, Update, p. 98.

Population Funding Up in 1994, Update, p. 3.

Population Funds Released, Update, p. 51.

Risk Assessment Tool for Integrated Health Services, see **Sexually Transmitted Diseases**.

Social Marketing Sales Climb, Update, p. 147.

Social Marketing Sales Rise, Update, p. 3.

Tool for Monitoring the Performance of Family Planning Programs in the Public and Private Sectors: An Application in Nigeria, see **Africa**.

What Was the Question? Update, p. 99.

Sexual Behavior

Global Concern for Children's Rights: The World Congress Against Sexual Exploitation, see **Status of Women**.

Increased Risk of STD Infection Among Peruvian Women Linked to Their Partners' Sexual Practices, see **Latin America and the Caribbean**.

Preferences for Contraceptive Attributes: Voices of Women in Ciudad Juárez, Mexico, see **Latin America and the Caribbean**.

Sexual Activity and Contraceptive Knowledge and Use Among In-School Adolescents in Nigeria, see **Africa**.

Sexually Transmitted Diseases

Beware of Urethritis, Update, p. 146.

Correlates of Sexual Abstinence Among Urban University Students in the Philippines, R. S. Lacson, T. R. Theocharis, R. Strack, F. S. Sy, M. L. Vincent, T. S. Osteria and P. R. Jimenez, p. 168.

HIV-Discordant Conceptions, Update, p. 51.

Increased Risk of STD Infection Among Peruvian Women Linked to Their Partners' Sexual Practices, see **Latin America and the Caribbean**.

Natural Protection Against HIV? Update, p. 2.

Reassessing Risk Assessment: Limits to Predicting Reproductive Tract Infection in New Contraceptive Users, E. Teles, E. Hardy, U. M. Oliveira, C. J. Elias and A. Faúndes, Research

Note, p. 179.

Risk-Assessment Tool for Integrated Reproductive Health Services, W. Cates, Jr., Viewpoint, p. 36.

Vaginal Flora and HIV Risk, Update, p. 147.

What Follows an STD? Update, p. 50.

Status of Women

Down Side of Wealth, Update, p. 99.

Female Circumcision: Rite of Passage or Violation of Rights? F. A. Althaus, Special Report, p. 130.

Global Concern for Children's Rights: The World Congress Against Sexual Exploitation, K. Mahler, Special Report, p. 79.

Women Still Lag Behind Men in Living Standards, Schooling, Employment, Digest, p. 142.

Women's Status and Contraception, Update, p. 50.

Sterilization

At Risk of Regret, Update, p. 2.

More than Half of All Brazilian Contraceptive Users Rely on Sterilization, see **Latin America and the Caribbean**.
